Ewa K. Adamczyk Alvarez “Through the Looking Glass”

March 14 – May 18, 2009

Reception: Sunday, March 15; 2:00-4:30 PM

Ewa Adamczyk Alvarez was born in Poland in 1971 and immigrated to the United States with her family as a teenager. She studied Fine Arts and Art History at Boston University.

The artist’s long-standing commitment to protecting the environment and interest in the natural sciences permeates her work. She illustrates her observations of common patterns between microcosm and macrocosm, and depicts the precise and abstract aspects of these supposed opposites in nature. Her works also reflect points of view that cannot be seen under ordinary circumstances, and portray subjects that are unseen by the naked eye.

Ms. Adamczyk Alvarez works in oil on canvas as well as in watercolor and digital media. She lives and works in Huntington Village.
